# TOWN OF Smyrna, Delaware

## A LEGACY OF STRENGTH

**F**ounded in 1768, the Town of Smyrna in Kent County, Delaware was originally known as Duck Creek Crossroads. There are two accounts of the origins of the name Smyrna, one being that it is named after the Greek seaport. The other suggests that the community was so moved by a sermon given by Methodist preacher Frances Ashbury about a church in the Book of Revelation, that they felt compelled to give their community the same name. In either case, the town officially became Smyrna in 1806.

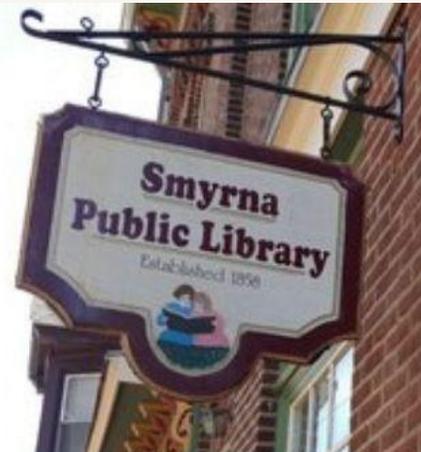

Until the 1850s, the community was a prosperous port, shipping goods along Duck Creek. Smyrna continued as a center of agriculture through the 19th century, and today is home to 12,000 people – and a bevy of rapidly growing residential and industrial opportunities. Blessed with attractive heritage architecture and beautiful natural surroundings, Smyrna offers quaint, small town ambience with a deep connection to community.

## LEAF COLLECTION

From September 15th through December 31st, you will see the Town of Smyrna Public Works crews picking up piles of leaves from curbside with our leaf machine.

**The machine will ONLY pick up loose leaves.**

Do not include any mixed yard waste material in your piles. Please separate all other yard waste (sticks, brush, and garden clippings) from loose leaf piles and place these into your yard waste container. This allows for the proper recycling of all materials and avoids equipment damage.

**DO NOT pile leaves in the street or around fire hydrants.**

Place loose leaf piles at the edge of your property, but not in the gutter or road. Leaves in the road can become a traffic hazard. When it rains, leaves will plug catch basins, causing dangerous road conditions and flooding.
